

Meeting Notes

Notes week 2

Date: 21/11/2023

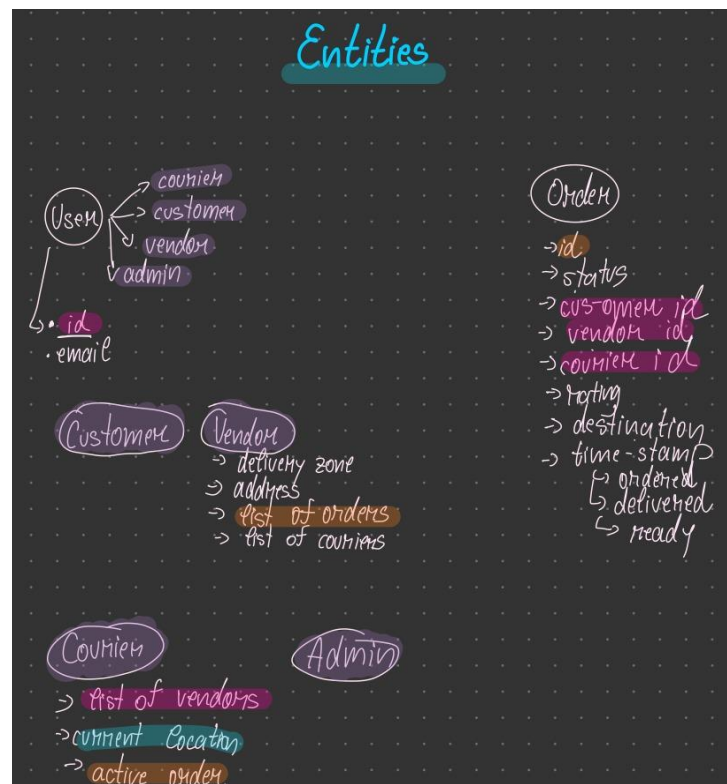

Time: 14:00

Location: Flux Hall B

Attendees: Burghilea Rares, de Dios Allegue Dani, Evci Idil, Gherasă Razvan, Mădăraş Marina, Urbonavičiūtė Urte

What have we done?

- We downgraded some of the must haves as stated in the feedback we received for the previous week.
- We started creating milestones and issues.
- We discussed entities and tried to create a model for the application. Schema for the entities below attached.

What should we discuss further?

- We should communicate with the other teams to decide if the type of the location should be discussed with the other teams.

What should we do next?

- Start working on the methods for API specification.
